

Welcome to Learn 'N' Grow STEM Preschool

Building Strong Foundations for
Lifelong Learning in Frisco
& McKinney.

The Learn 'N' Grow Promise

We are committed to giving each child an exceptional education and experience in a safe and nurturing environment.

Nurturing Space

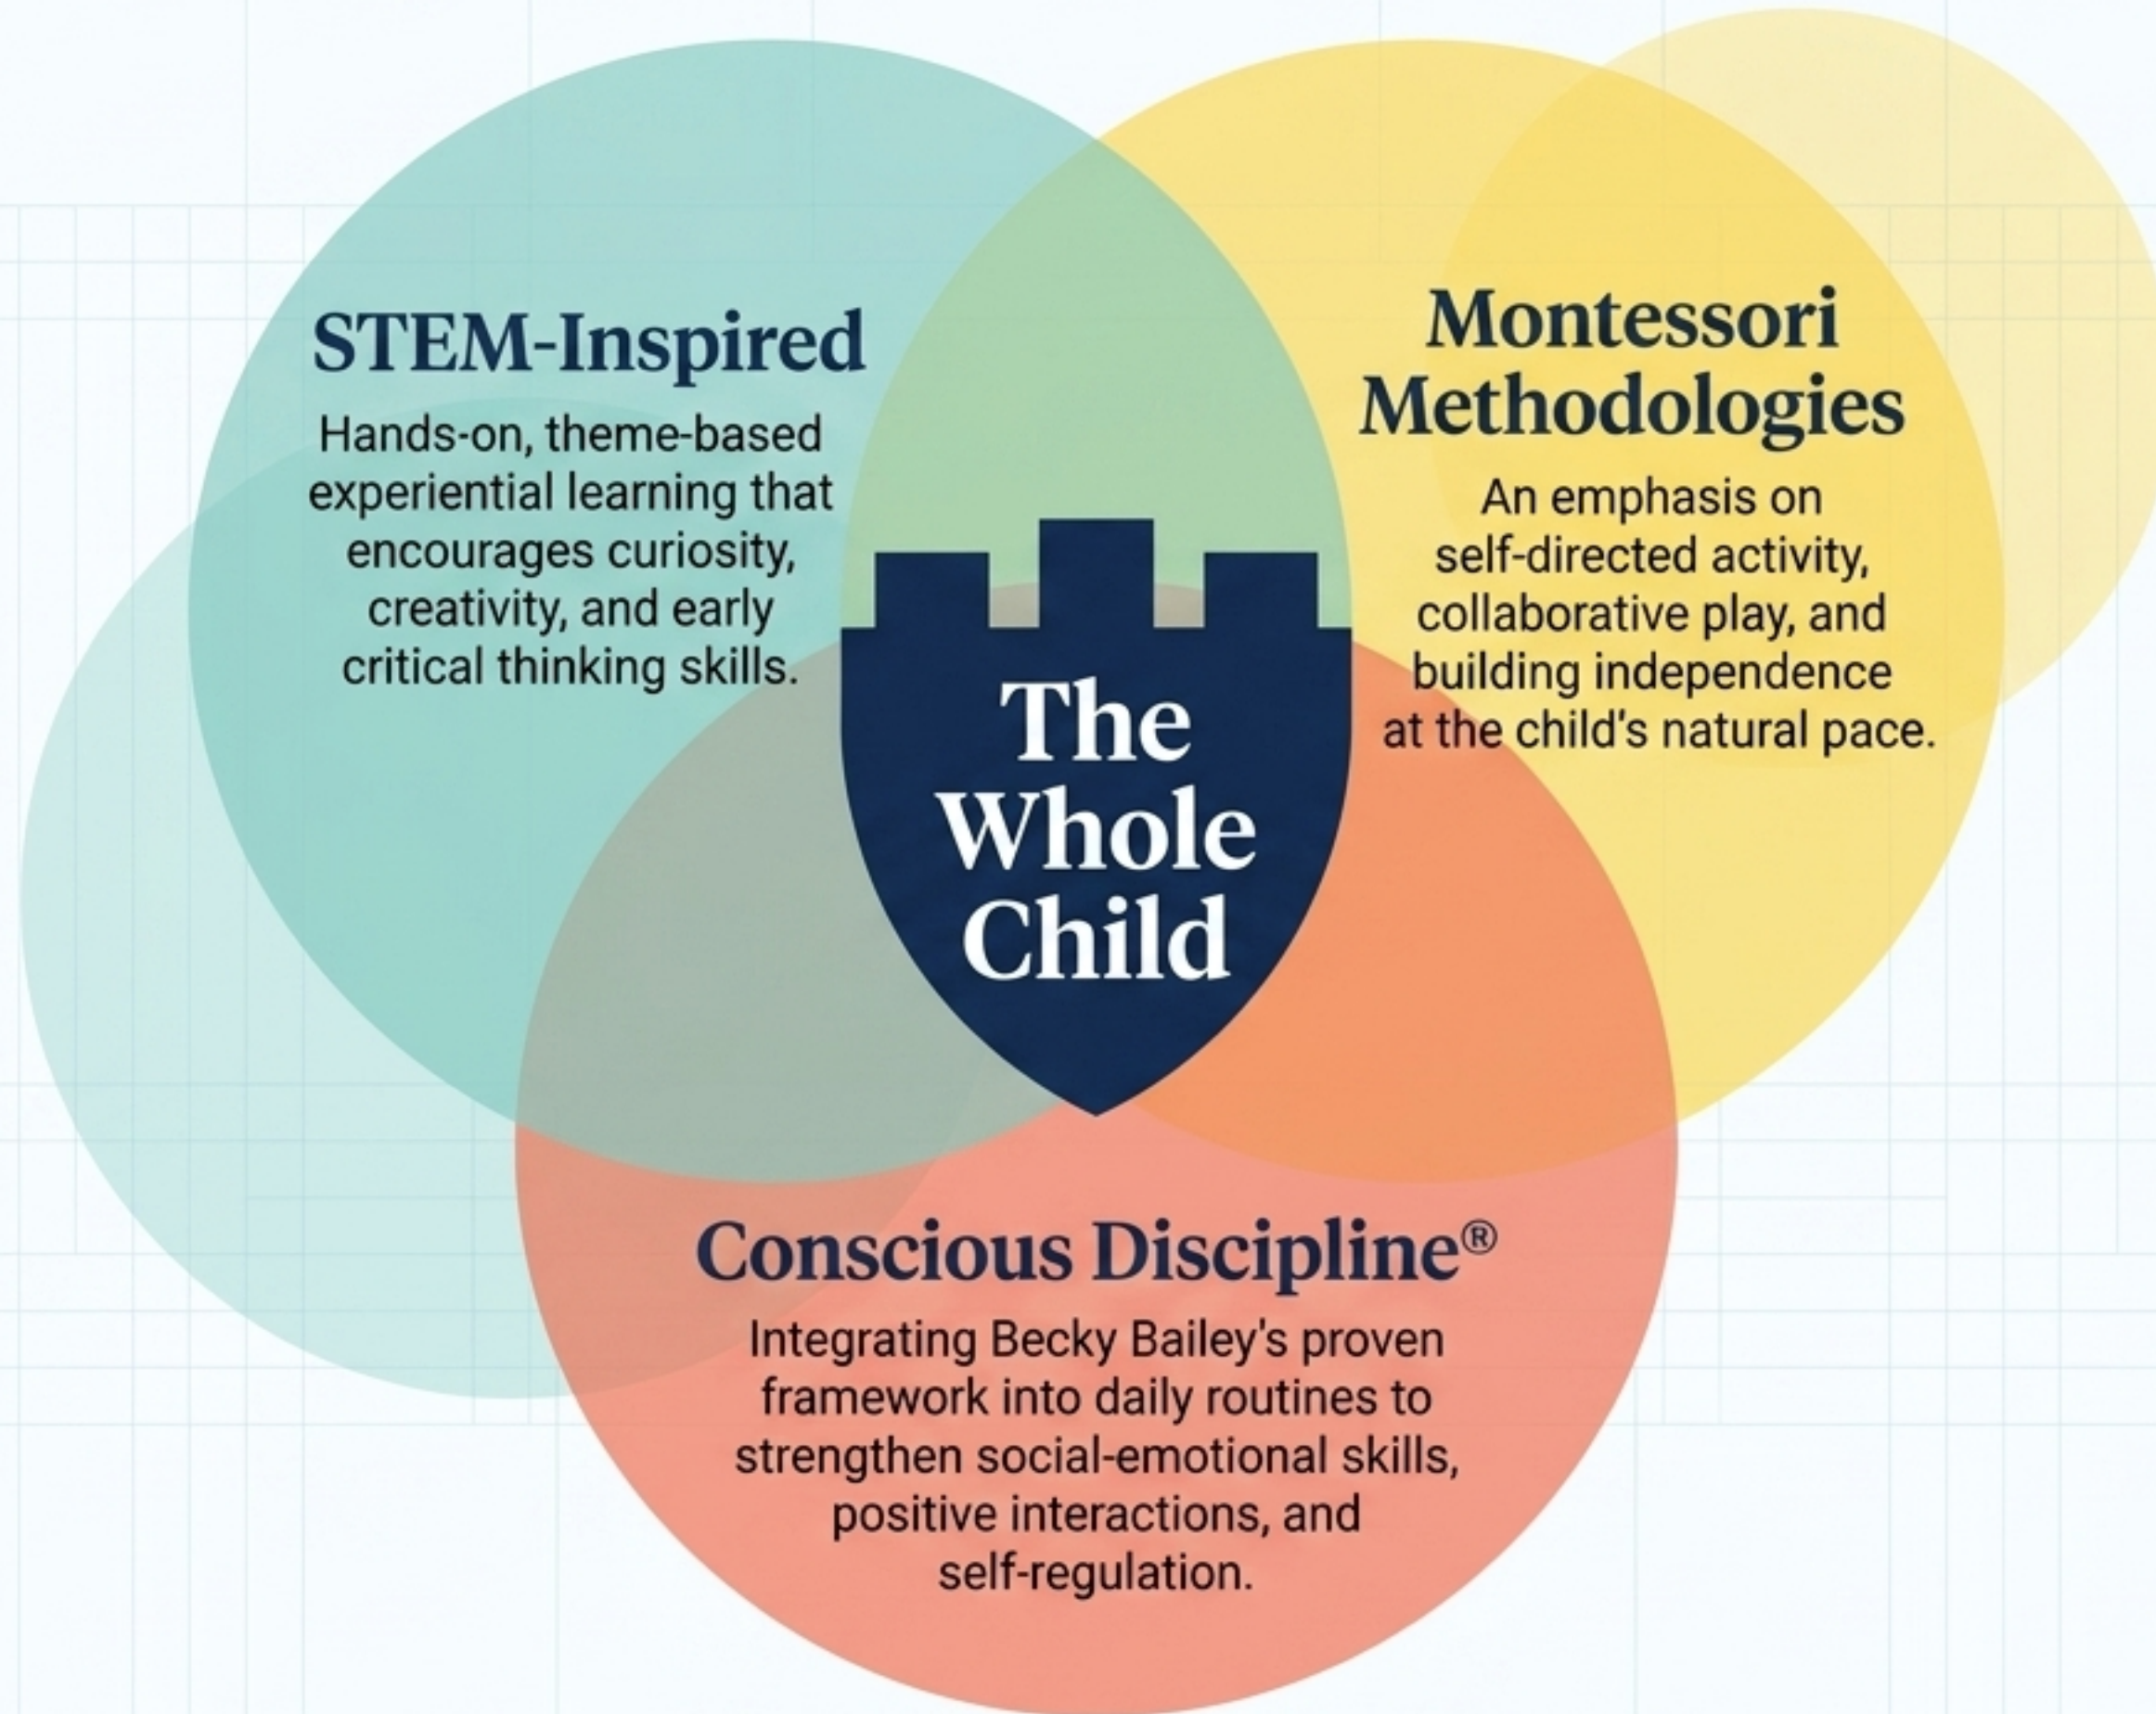

A supportive environment where every child feels valued and secure.

Personalized Growth

Tailored guidance allowing children to learn at their own pace.

Research

Research-backed approaches supporting early cognitive and language development.

Infant Program (3 - 18 Months)

Providing a deeply safe, nurturing environment babies feel loved, secure, and cared for every day.

Toddler Program (18 - 36 Months)

Nurturing curiosity, independence, and confidence through engaging activities and supportive early learning.

Pre-School (3 - 4 Years)

Encouraging creativity and confidence through purposeful play and guided theme-based activities.

Pre-Kindergarten (4 - 5 Years)

Fostering critical thinking and independence through hands-on learning to ensure kindergarten readiness.

A Week of Holistic Enrichment

Monday

Stretch, breathe,
and build focus.

Tuesday

Explore rhythm,
sounds, and
movement.

Wednesday

Create, imagine,
and express
yourself.

Thursday

Hands-on
experiments and
discovery.

Friday

Build confidence
and communication
skills.

Beyond the Classroom: Dependable Care Year-Round

Continuous Care

```
graph LR; CC((Continuous Care)) -.-> ASP[After-School Programs]; CC -.-> SC[Summer Camps];
```

After-School Programs

Designed for developmental needs beyond typical school hours. Includes dedicated homework help and structured activities in a safe, engaging environment.

Summer Camps

Keeping children learning and exploring during the summer months. Combines STEM fun, creative activities, and hands-on adventures.

Nutrition & Fuel for Growth

Fresh & Healthy

Fresh, balanced meals provided Monday through Friday to fuel energy and development.

Inclusive Options

A diverse menu featuring both vegetarian and non-vegetarian options to support specific family needs.

Meals are designed to seamlessly integrate into the day, ensuring children are nourished and ready to learn.

Uncompromising Safety & Parent Peace of Mind

Live Classroom Cameras

Parents receive secure access to a live, encrypted video stream of their child's classroom in real time for ultimate transparency.

Data Security & Privacy

Advanced encryption and unique, authorized login credentials ensure that only you can view your child's feed.

Safe, Respectful Environment

Clear policies and Conscious Discipline approaches promote positive behavior, helping children build self-regulation safely.

Voices from Our Community

"Our daughter loves this program! The mix of STEM and Montessori has really sparked her curiosity. The teachers are warm and dedicated. Highly recommend!"

— Sarah M., Parent

"We are so grateful for the safe and nurturing environment here. The communication is excellent, and we feel very comfortable knowing our child is in good hands."

— Michael T., Parent

"The live camera access gives us such peace of mind. It's great to see our son engaged in learning activities throughout the day."

— Emily R., Parent

"Fantastic curriculum! My child is always excited to share what they learned. It's a wonderful community for families."

— David K., Parent
